Redesign of C-Spool for DP-F series

Thank you for your continued support to YAMADA.

We would like to inform you that we have redesigned the C-Spool for the following three AODD pumps;

- 1) DP-5F
- 2) DP-10F
- 3) DP-20F

More specifically, we have changed the material of the spring holder from nylon to HDPE in order to prolong its durability. Accordingly, the code for the spring holder will change from the existing one 771531 to the new one 772658. Also, the codes of the center body assy and the C-Spool Assy will be changed as per table below;

| Model Name | Product Code | Parts Name | Current Code | New Code | Parts Name | Current Code | New Code |
|------------|--------------|------------------|--------------|----------|--------------|--------------|----------|
| DP-5F | 853656 | Center Body Assy | 804213 | 805304 | C-Spool Assy | 802386 | 805302 |
| DP-10F | 853620 | Center Body Assy | 804165 | 805306 | C-Spool Assy | 802835 | 805303 |
| | 853622 | | | | | | |
| | 853628 | | | | | | |
| | 853630 | | | | | | |
| DP-20F | 853621 | Center Body Assy | 804166 | 805307 | C-Spool Assy | 802835 | 805303 |
| | 853623 | | | | | | |
| | 853629 | | | | | | |
| | 853631 | | | | | | |

Also, please note that the redesigned models have already been launched.

Lastly, please note that there is no change in the prices and the product performances in spite of this redesigning.
