Two Changes in the Product Labelling for AODD Pumps

Thank you for your continuous support to YAMADA.

We would like to inform you that there will be two changes regarding the product labelling on the carton box of our AODD pumps.

Firstly, the text color on the label pasted on the carton box for our AODD pumps will be changed from blue to black.

Secondly, a suffix 'EX' will be added to the product code on the label. For example, the product code '851332', which is for NDP-25BAT, will become '851332EX'.

These two changes will be implemented from the lot produced in May 2021.

Please contact intl@yamadacorp.co.jp for further information.
