Changing the Ways to Obtain Operation/ Maintenance Manuals and Parts Lists of AODD Pumps

Thank you for your continued support to YAMADA.

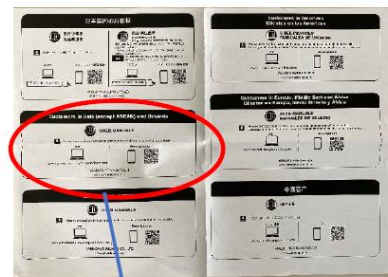

So far, we have packed a CD-ROM containing operation/ maintenance manuals, an A4-size Read Me First, and an A4-size parts list in the same carton box together with an AODD pump. However, we would like to inform you that we will change the ways to obtain those data from the lot produced on July 1st, 2020.

1) How to Obtain Operation/ Maintenance Manuals => From CD-ROM to URL/QR Codes

Currently...

From July 1st...

The CD-ROM to obtain Operation/ Maintenance Manuals will be no longer provided. Instead, an A3-size paper including the URL/ QR code will be newly added in the carton box (please refer to the photo above), so that you will be able to access the page 'Data Download', where you can firstly choose either operation or maintenance manual before looking for the pump grade.

Please contact intl@yamadacorp.co.jp for further information.

2) How to Obtain Parts List => From Hardcopy to Downloading from Our Website

The paper-based parts list will also no longer be supplied. Instead, please go into the URL code <https://www.yamadacorp.co.jp/products/a1-b02/a1-b2-c01/>. Then please choose the pump grade you are looking for, and you can download its parts list.

3) How to Obtain the Document “Read Me First” => Unchanged

The document Read Me First will be contained in the carton box as usual. The content will also be unchanged. However, the paper size, which has been A4, will be bigger to A3.

To sum up, the items packed together with an AODD pump will be changed as per table below, as a consequence of changing the ways to gain the documents. Please note that this will be implemented from the lot produced on **July 1st 2020 onwards**.

Items currently supplied with Product		Items which will be supplied with Product from July 1st
CD-ROM to obtain Operation/ Maintenance Manuals	➔	URL/QR code (A3 paper) to obtain Operation/ Maintenance Manuals
Parts List (A4 paper-based)	➔	None
Read Me First (A4 size)	➔	Read Me First (A3 size)

Please contact intl@yamadacorp.co.jp for further information.
